This included all aspects of the role, including practical supervision, assessment and marking, tutorials and administrative duties. I have organised visits for school students between 2013-2016. I sit on thesis committees for 3 PhD students.

## Outreach, organisation and PPI

**Discover Research Night**, Dublin Sep 2014. Marie Skłodowska-Curie-funded. I was the event organiser responsible for public engagement at Trinity Biomedical Sciences Institute, organising a team of 50 researchers in leading themed tours of scientific facilities. We were the most subscribed event of Dublin Research Night (>500 members of the public).

**10th International Symposium on Bordetella**, Sep 2013. Logistics manager responsible for operations of the conference including registration, AV equipment and support for speakers.

**Manchester Immunology Group Seminar Series**, May 2017 – Sep 2018. Co-lead organiser. Handling invitations, hospitality, communications, for renowned international speakers to visit University of Manchester.

**School talk**, Oaklands Community College, Edenderry Co. Offaly, 2021. “The life of a scientist”.

**Trinity Omics Core facility**. I have established formal pipelines for a single cell RNA-sequencing core service ‘Trinity Omics’. I have successfully lobbied my institute to fund a research assistant to support the service under my supervision.

**Patient involvement** I have worked alongside patient representatives for Vasculitis Ireland as part of the PARADISE project. I have pitched an idea to the St James hospital Patient Representative Group and received feedback on development of a research programme, lay abstract and patient information leaflet.
